

Tom's Talking Reptiles visiting your child's school

Dear Parent/Guardian

Your child's class will soon be receiving a visit from **Tom's Talking Reptiles**.

This visit will entail the showing and handling of live animals and all of the children will get the opportunity to handle some of the animals themselves.

There will be a range of animals depending on the topic chosen and requests from the teacher.

Although we strongly encourage all of the children to join in with activities it is important to note that no child is ever forced to handle animals that they don't want to.

Tom's Talking Reptiles take health and safety very seriously and you can be rest assured that all of the animals handled by your children are tame, friendly animals and used to children interaction. We also have a strict hand washing policy that we enforce throughout and at the end of the session.

We are sure that your child will enjoy this experience and hope that it will stimulate an interest in animals and related environmental subjects.

Yours sincerely
